Professional Summary

Nintex K2 Five Developer with 3.5+ years of experience building enterprise applications and business process automation solutions using Nintex K2 Five (BlackPearl), React.js, JavaScript, HTML5, CSS3, and SQL. Experienced in developing K2 workflows, SmartForms, and integrating K2 with SharePoint and SQL Server as data sources to streamline business processes. Skilled at translating business requirements into efficient workflow solutions and responsive web interfaces.

Skills

Frontend: React.js, JavaScript, HTML5/CSS3, Bootstrap, Tailwind, Nintex K2 Blackpearl, Nintex Automation Cloud

Backend: SQL, SharePoint

Tools: VS Code, Postman, SSMS, Git

Other: Microsoft Excel, Word, PowerPoint, Project & Product Management, Agile Development

Work Experience

SDE - LTIMindtree (Contractor via Advance Career Solutions)

August 2025 – May 2026

Ghansoli, Navi Mumbai

- Migrated 30+ Nintex workflows from SharePoint 2016 to Nintex K2 Five integrated with SharePoint On-Premises Subscription Edition, ensuring workflow continuity and process optimization.
- Migrated 15+ workflows from Nintex for SharePoint to Nintex Automation Cloud (NAC), supporting the client's transition toward latest SharePoint version.
- Developing and maintaining K2 workflows and SmartForms while integrating SharePoint lists and SQL Server as data sources for enterprise business processes.

SDE — Jio Platforms LTD

March 2023 – July 2024

Ghansoli, Navi Mumbai

- Developed and maintained 5+ enterprise web applications using React.js, Node.js, SQL, and K2.
- Integrated 100+ APIs, optimizing data flow and ensuring scalable solutions.
- Improved page load time by 15% by optimizing frontend code.
- Collaborated with cross-functional teams to deliver projects, reducing development time by 20%.

Assistant Manager Trainee — Jio Platforms LTD

August 2021 – March 2023

Ghansoli, Navi Mumbai

- Led a team of 12–15 individuals handling UAT and manual testing for JioMeet WebApp and Mac client.
- Performed 100+ test cases per release, ensuring smooth deployment and high product stability.
- Managed test reports, logged 150+ bugs in Azure DevOps, and collaborated with developers to ensure timely fixes.
- Conducted regression, smoke, and sanity testing, enhancing product reliability across multiple releases.

Projects

Reliance Scholarship Portal

- Designed and developed the frontend using HTML, CSS, JavaScript, and React.js, ensuring a responsive UI.
- Integrated 100+ APIs using Node.js to enable seamless communication between frontend and backend services.
- Reduced form submission time by 20% through optimized API calls and data handling.

Sample Management System

- Developed a portal for sample tracking and management using K2 Blackpearl and Workflow, streamlining sample processing.
- Implemented SQL queries to handle data storage and retrieval, enhancing system efficiency for 50+ daily records.
- Improved processing efficiency by 25% through automated workflows and database optimization.

Enterprise Product Catalog (EPC)

- Enhanced pre-existing enterprise product catalog with 5+ new features, improving usability and data handling.
- Collaborated with stakeholders to gather requirements and delivered solutions within sprint timelines.
- Reduced feature rollout time by 10% through effective testing and deployment strategies.

Education

Bachelor of Engineering in Electronics and Telecommunication

June 2021

Pillai College of Engineering, New Panvel — University of Mumbai

CGPA: 8.48/10
